

MAKE IT RIGHT

RALLY WITH the PSAC NATIONAL PRESIDENT

1,472 days of Phoenix
2 years without a collective agreement

The government rolled out phase two of the Phoenix pay system on February 24, 2016. 120,000 federal government workers saw their first payday under the new system on March 9, 2016. Four years later, the pay disaster continues.

Over 100,000 PSAC members in the CFIA, Parks, PA, TC, SV, EB, and FB bargaining units have been without a collective agreement since 2018. The agreement for 27,000 members at the Canada Revenue Agency expired in 2016.

Rally with PSAC National President Chris Aylward
and tell the government that NOW
is time to make things right.

March 6 starting at 12:00
1230 Government Street

Downtown Victoria

Tell the employer you want a new collective agreement which includes fair wage increases, working conditions that make balancing family and work possible and a Phoenix settlement that is fair and equal.
