Reports

June 22nd CLC training was provided in Nanaimo - Christine Walker attended

The courses were facilitated by Adrian Smith and Dianne Irvine.

The workshops were split into 2 parts :

- 1) Discussion on Transgender issues - background on inclusive terminology and language that help support trans/lgbt members in an inclusive workplace.
- 2) Cannabis in the workplace.

The workshops were at the coast bastion and had approximately 6 attendees. Unfortunately this training took place on Miners Memorial weekend so that may have contributed to the low turnout for the workshop.

Meeting adjourned @ 7pm
