

Public Service Alliance of Canada
BC Region

Thousands of federal public
service workers are being branded
affected and losing their jobs.

We are **ALL** affected by these cuts
because we rely on the services
they provide and because
these job cuts are bad for our
communities and our economy.

It's time to stand up together, say
no to the cuts, and tell us how you
are affected.

WE ARE

AFFECTED

Public Service Alliance of Canada
